

Glenn County Community Wildfire Protection Plan: Fire Threat (CalFire)

KEY TO MAP FEATURES

	Glenn County boundary		Rivers		Communities
	Other county boundaries		Water bodies		Highways
			Major roads		

FIRE THREAT

- Non-fuel
- Moderate
- High
- Very High

CalFire has developed various methodologies for the California Fire Plan. Fire threat, shown here, is a combination of two factors: 1) fire frequency, or the likelihood of a given area burning, and 2) potential fire behavior (hazard). These two factors are combined to create four threat classes ranging from moderate to very high.
